

## Preservation Tips

Charlene Bonnette (past chair of Subject Specialists) distributed the following Preservation Tips during her term:

### **Free Webinars from Preservation Week**

(<http://www.ala.org/alcts/confevents/preswk/alctsevents>)

These are recorded webinars you can listen to on a variety of preservation topics.

### **Know Your Digital Storage Media**

(<http://lib.utsa.edu/knowyourmedia/?/knowyourmedia>)

A guide to the most common types of digital storage media found in archives, prepared by UT San Antonio libraries.

### **LOC Preservation**

(<http://www.loc.gov/preservation/>)

Great information on preserving different types of collections, FAQ's, locating an Appraiser or Conservator, Ask-A-Librarian feature, etc.

### **Lunder Conversation Center**

(<http://americanart.si.edu/lunder/>)

Under Tools in the menu at top, you can click on a preservation supply item and see a video clip of how to use it.

### **Preservation at the National Archives**

(<https://www.archives.gov/preservation>)

Another excellent site on preserving different types of collections with information on how to approach each preservation issue.
