Chair's Column by Betsy Miguez

Greetings! I am looking forward to seeing many of you at the 2009 LLA Conference in Baton Rouge, March 12-14. Besides co-sponsoring the "Can u wiki, flickr and blog? An Introduction to Social Networking Tools for Your Library," the Academic Section has added its support to the "green" pre-conference, "Building to Sustain and Maintain." Both will be held on Thursday. "Building to Sustain . . ." is an all-day workshop, and "Can u wiki . . ." will take place that afternoon. Details are in the conference program.

Tying into the conference theme "Together WE Make a Difference," our section is sponsoring or co-sponsoring fifteen programs on the following general topics:

- disaster preparation and response
- information literacy and outreach
- the future of cataloging
- systems administration
- nursing resources
- personnel management
- publication opportunities
- digital reference initiatives
- presentation studios
- Web 1.0
- the Cajun and Creole Music Collection.

Thanks to all of you who volunteered to present. Sharing your knowledge of academic librarianship inspires us all to offer the best services possible to our students and faculty.

The Academic Section Business Meeting on Saturday afternoon will be a good time to meet the section's new officers, recap the year, and look toward the future of our section. The LLA Business Meeting will follow our meeting.

ACRL-LA will join us in hosting the second annual Meet & Greet. Be sure to sign up for the \$5 tickets when you register for conference. The LLA Academic Section will honor David Duggar as the Outstanding Academic Librarian, and ACRL-LA will announce the recipient of its first Librarian/Scholar Award. This event is scheduled for Saturday afternoon, between the LLA Business Meeting and the Book Dinner that night.

I am looking forward to seeing many of you soon at the LLA Conference in Baton Rouge. Thanks once again to section officers Rob Bremer and Kathy Bowersox for their support.
